

2020 CGRC Race Report – Round 3, Cadwell Park

Ellwood and Senior Shine

The Caterham Graduates Racing Club visited Cadwell Park in Lincolnshire for the third round, with qualifying on the Sunday morning and two races in the afternoon.

Jamie Ellwood returned to the CGRC for this round, qualifying on pole for both races, with Harry Senior sharing the front row. There was a fine scrap between the two in race one, and at the flag, Ellwood held off Senior by just 0.072 seconds, with Matthew Willoughby just over a second behind, also confirming the finishing order in the SigMax class.

David Yates took the win in the Sigma 150 class from Barry White and James Gilmour, with Ben Buckley beating a number of Sigma 150s to win the Sigma 135 class. Neal Evans claimed second in the Sigma 135 class, much to his delight, with Bob Willis third, and just a couple of seconds behind Neal. Willis also recorded the initial 135 class lap record in this first outing, before being pipped to the accolade by Buckley in race two. In the Classic class, the order was Mark Carter, from Iain Kinghorn and Trevor Harber.

All 28 cars made it to race two. This time Senior led from the start and eased away from Ellwood to take the win. The SigMax podium was completed by Gareth Cordey, who started fifth on the grid, and finished third overall.

The Sigma 150 class was again won by Yates from White and Gilmour, with the Sigma 135 class again won by Buckley, from Evans and Willis, replicating the race one order. Carter again won the Classic class, but this time Harber finished second with Kinghorn in third place.
